

SAFETY DATA SHEET

Cederroth Eye Wash

1 Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Product name: Cederroth Eye Wash
SDS does not need to be provided: The product is a medical device, why the requirements for the provision of safety data sheet does not apply This safety data sheet is prepared because Cederroth Eye Wash contains substances that are included in the candidate list (SVHC)

1.2 Relevant identified uses of the substance or mixture and uses advised against

Use of the substance: Eye wash

1.3 Details of the supplier of the safety data sheet

Company name: Orkla Care AB
Postal address: Box 1336
Postal code: 171 26
City: Solna
Country: Sverige
Tel: + 46 (8) 590 963 26
E-mail: firstaid@cederroth.com
Website: www.cederroth.com

1.4 Emergency telephone number

Emergency telephone: 112

2 Hazards identification

2.1 Classification of substance or mixture

Classification according to EU/1272/2008: The product is not classified as hazardous to health or the environment according to current legislation

2.2 Label elements

The product is not subject to labeling.

2.3 Other hazards

PBT/vPvB: Not classified as PBT / vPvB according to current EU criteria.
Boric Acid and Sodium Borat are listed on the candidate list for reprotoxic properties

3 Composition/information on ingredients

3.2 Mixtures

Substance	Identification	Classified according to CLP	Content
Boric Acid ¹⁾	CAS no: 10043-35-3 EC no: 233-139-2 Index no: 005-007-00-2	Repr 1B; H360FD	<0,3 %
Sodium Borat ^{1), 2)}	CAS no: 1303-96-4 EC no: 215-540-4 Index no: -	Repr 1B; H360	<0,1 %

The full text for all hazard statements is displayed in section 16.

1) The substance is listed on the REACH candidate list of substances of very high concern.

2) The substance has a hygienic limit value (refers to levels in the air that must not be exceeded in a workplace, see more information in section 8).

4 First aid measures

4.1 Description of first aid measures

Inhalation	Not relevant for the product.
Skin contact	Not relevant for the product
Eye contact	Area of use
Ingestion	If a large amount has been ingested, drink a few glasses of water or milk. Contact a doctor in case of discomfort

4.2 Most important symptoms and effects, both acute and delayed

Non known.

4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically

5 Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media	Take the environment and other chemicals into account when choosing an extinguishing agent
Improper extinguishing media	Not known.

5.2 Special hazards arising from the substance or mixture

Not relevant as the product is not flammable.

5.3 *Advice for firefighters*

Use personal protective equipment adapted to the surrounding fire.

6 *Accidental release measures*

6.1 *Personal precautions, protective equipment and emergency procedures*

Not relevant due to the nature of the product.

6.2 *Environmental precautions*

Avoid emissions of large amounts to air, water and soil.

6.3 *Methods and material for containment and cleaning up*

Soak up with absorbent material.

6.4 *Reference to other sections*

Information regarding safe handling, section 7
Information regarding personal protection measures, section 8.
Information regarding disposal considerations, section 13.

7 *Handling and storage*

7.1 *Precautions for safe handling*

No special precautions are needed for safe handling.

7.2 *Conditions for safe storage, including any incompatibilities*

Store at temperatures between 0-40°C

7.3 *Specific end use(s)*

The identified uses for this product are detailed in Section 1.2.

8 *Exposure controls/personal protection*

8.1 *Control parameters*

Occupational Exposure limit values

Substance	Identification	Value	Regulation
Sodium borat	CAS-nr: 1303-96-4 EG-nr: 215-540-4 Indexnr: -	NGV (8 hours): 5 mg/m ³	EH40/2005 Workplace exposure limits.

8.2 *Exposure controls*

Control of exposure in the workplace

Provide good ventilation if there is a risk that occupational exposure limit values are exceeded.

Hygienic measures No information.

Personal protection

Respiratory protection Not relevant for normal use.

Eye protection Not relevant for normal use.

Hand protection Not relevant for normal use.

Protective clothing Not relevant for normal use.

9 Physical and chemical properties

9.1 Information on basic physical and chemical properties

Physical state	Liquid
Colour	Transparent
Odour	Odourless
Melting point/freezing point	0°C
Boiling point or initial boiling point and boiling range	100°C
Flammability (gases, liquids and solids)	Not relevant
Lower and upper explosion limit	Not relevant
Flash point	Not relevant
Auto-ignition temperature	Not relevant
Decomposition temperature	No information
pH	7
Kinematic viscosity	No information
Solubility	Completely soluble in water
Partition coefficient n-octanol/water (log value)	No information
Vapour pressure	No information
Density and/or relative density	No information
Relative vapour density	No information
Particle characteristics	Not relevant

9.2 Other information

No other information.

10 Stability and reactivity

10.1 Reactivity

No reactivity risks associated with the product.

10.2 Chemical stability

Stable during normal use and storage.

10.3 Possibility of hazardous reactions

Non known.

10.4 Conditions to avoid

Non known.

Date issued: 2021-10-12

Version 1

10.5 Incompatible materials

Non known.

10.6 Hazardous decomposition products

Non known.

11 Toxicological information

11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

Toxicological data for substances:

Acute toxicity	No health risk specified
Skin corrosion/irritation	No health risk specified
Serious eye damage/irritation	No health risk specified
Respiratory sensitisation	No health risk specified
Skin sensitisation	No health risk specified
Germ cell mutagenicity	No health risk specified
Carcinogenicity	No health risk specified
Reproductive toxicity	Contains two substances with reproductive toxicity properties. Due to low concentration levels, the product is not classified as reproductive toxic.
STOT-single exposure	No health risk specified
STOT-repeated exposure	No health risk specified
Aspiration hazard	No health risk specified

Information on effects via probable exposure paths:

Ingestion	Nausea
Inhalation	Not relevant
Skin contact	Not relevant
Eye contact	Not relevant

11.2 Information on other hazards

Endocrine disrupting properties: No.

12 Ecological information

12.1 Toxicity

The product is not classified as ecotoxic.

12.2 Persistence and degradability

Not relevant.

12.3 Bioaccumulative potential

No information.

12.4 Mobility in soil

Not relevant.

Date issued: 2021-10-12

Version 1

12.5 Results of PBT and vPvB assessment

Not classified as PBT/vPvB by current EU criteria.

12.6 Endocrine disrupting properties

No.

12.7 Other adverse effects

No information.

13 Disposal considerations

13.1 Waste treatment methods

Classified as hazardous waste according to The List of Wastes (England) (Amendment) Regulations 2005. (SI 2005 No. 895).	No
EWC-code	20 03 01 Mixed waste
Packaging waste (and residues)	15 01 01 Paper and paperboard packaging. 15 01 02 Plastic packaging.

14 Transport information

14.1 UN-number

Not relevant.

14.2 UN proper shipping name

Not relevant.

14.3 Transport hazard class(es)

Not relevant.

14.4 Packing group

Not relevant.

14.5 Environmental hazards

IMDG Marine Pollutant	No
ADR/RID/ADN	No

14.6 Special precautions for user

Not relevant.

14.7 Maritime transport in bulk according to IMO instruments

Not relevant.

15 Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU Legislation and regulations

Regulation (EC) No 1907/2006 of the European Parliament and of the Council (REACH)

Regulation (EC) No 1272/2008 of the European Parliament and of the Council (CLP).

Regulation (EC) No 1005/2009 of the European Parliament and of the Council

Regulation (EC) No 850/2004 of the European Parliament and of the Council.

Regulation (EC) No 649/2012 of the European Parliament and of the Council

National regulations

EH40/2005 Workplace exposure limit.

Regulations 2005. (SI 2005 No. 895).

15.2 Chemical safety assessment

Chemical safety assessment performed: No

16 Other information

The information on this data sheet represents our current data and is reliable provided that the product is used under the prescribed conditions and in accordance with the application specified on the packaging and/or in the technical guidance literature. Any other use of the product which involves using the product in combination with any other product or any other process is the responsibility of the user.

Precautionary statements	-
Hazard statements	From section 3 H360 May damage fertility or the unborn child H360FD May damage fertility. May damage the unborn child.
Important data sources used to construct the safety data sheet	Information supplied by the manufacturer.
Information which has been added, deleted or revised	-
Basis for classification (only mixtures)	Calculation method
